Car-Train Crash Takes Two Lives

Mr. and Mrs. Harold Cunningham, Buhl, were killed almost instantly as their 1953 Chrysler collided with a Union Pacific locomotive at the Curry crossing on highway 30 west of Twin Falls. Mrs. Cunningham apparently was killed instantly but Mr. Cunningham lived for a few minutes after the accident. Both were killed in the wreckage and it took the combined efforts of two ambulance wreckers before the bodies could be removed. Traffic on highway 30 was blocked for 45 minutes. (Staff photo-murders)

Need for Longer Runway Studied

Methods of financing proposed extension of an existing runway at Joslin field to accommodate the new Convair airplane being adopted by United Air Lines is under study by the Twin Falls airport commission.

United Airlines met with members of the airport commission, city commission and Chamber of Commerce directors Friday noon to discuss the situation. Meeting with local residents were R. C. Ashley, Seattle, UAL flight operations manager; J. D. Critchton, Denver, airport operation engineer; George Solomon, Seattle, West Coast Air line's chief pilot; A. S. Cutting, UAL office manager here, and Wayne Kennedy, local West Coast office manager.

United officials revealed they propose to change their passenger service from DC-3s to the pressurized Convair. However, an additional 1,100 feet of runway would be needed at the local airport to accommodate the planes. Longest existing runway at Joslin field is 4,900 feet.

Unless the runway is extended 1,100 feet, the Convair passenger payload would have to be cut from 44 to 29 passengers which is impractical, UAL officials said.

Norman S. Crossley, city engineer, said preliminary plans for the runway extension have been worked out, but the project would cost in excess of \$100,000.

The matter is being studied by city airport commissioners who report they intend to see what can be done to gain federal aid.

Probe of Spread on Meat Prices Ordered

WASHINGTON, Sept. 26 (AP)—The government ordered an investigation today to find out whether the price spread between beef on the hoof and on the retail counter is too great.

Secretary of Agriculture Benson, who ordered the inquiry, said he had received reports of a "widening of the spread between prices farmers receive for their cattle and the costs of those at retail." These reports, he said, came from members of congress and others interested in the welfare of agriculture, as well as in all segments of the livestock industry.

"Farmers of America are entitled to know if there is truth to the charge that margins are excessive," the secretary said in a statement.

Prices Rise Benson noted that the labor department's bureau of labor statistics reported a 6 per cent increase in the retail price of beef and veal from July to August. This increase, Benson said, came at a time of abundant supplies and generally low cattle prices and has been of concern to both farmers and consumers.

Benson directed the bureau of agriculture economics and other agencies of the department to make an examination and report to him on the spread between the price the farmer gets and the price the housewife pays for beef.

Cooperation Asked Benson asked the cooperation of all agencies of marketing, transportation, processing and distribution, including hotels and restaurants.

"I fully realize the price paid by the consumer for beef is a composite of many costs," Benson said. It is made of what the producer, the marketer, the transportation man, the laboring man, the processor, the wholesaler, and the retailer receive for all their services.

Offer Made

FOCATELLO, Sept. 26 (AP)—Clerks in retail textile stores were offered a wage increase of one cent an hour at a negotiating session with the retail clerks union Friday night, union Secretary Robert L. Johnston said. No action was taken immediately on the offer, he said. The clerk has authorized a strike if agreement is not reached on a new contract.

No Inquest Planned For Double Fatality In Car-Train Crash

No inquest is planned in the deaths of Mr. and Mrs. Harold Cunningham, Buhl, who were killed at 10:05 p.m. Friday at the Curry crossing three miles west of Twin Falls on highway 30. Dr. J. Woodson Creed, Twin Falls county coroner, said no inquest will be held unless one is requested.

Mr. and Mrs. Cunningham were killed almost instantly when their automobile collided with a railroad locomotive driven by R. E. Commons, Twin Falls, long time friend of the victims. The deaths are the 24th and 25th traffic fatalities for Magic Valley for 1953 and the seventh and eighth for Twin Falls county.

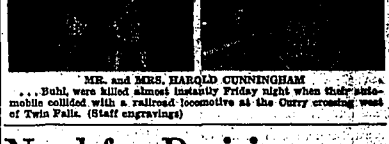

Commons said he had started to back his two-car train across the crossing when he noticed the 1953 Chrysler approaching from the east. He said the vehicle slowed as though it was going to stop and then suddenly shot ahead towards the crossing.

Sheriff Jesse Carlson, who with Deputies W. W. Palmer and P. O. Thompson, investigated the fatalities, said the crash apparently occurred near the middle of the highway. The train's speed was estimated by coroners at between five and eight miles an hour. It pushed the

Traffic Death Scoreboard

Need for Decisions Stressed at Parley

You cannot escape the responsibility of making important decisions, the Rev. Joe Bell, Nashville, Tenn., told some 240 Methodist youth attending the youth convocation at the Twin Falls Methodist church Saturday evening. The Rev. Bell, who is a member of the Methodist church general board of education youth department, outlined various important decisions regarding philosophy, way of life and vocational choices facing American youth.

He stated that youths must decide on a philosophy of life because "it is important to believe something and believe it strongly." What you believe either makes or breaks you.

An understanding of a faith that is Christ-centered, purposeful, alive and growing will give direction and a wholesome outlook on life, the Rev. Mr. Bell said. Youth must have time, talent and opportunity to spend. How will you do it? The idea of Christian service must be a part of your life. You must be a part of a church or other group that is doing something for others.

Outbreak of Dock War in N. Y. Feared

NEW YORK, Sept. 26 (AP)—Police warned today that a bloody feud on New York's waterfront Monday against a possible outbreak of violence between rival unions.

All motorcycle police who can be spared from other duties and all the city's mounted police will be sent to Manhattan, Brooklyn and Staten Island pier areas.

An undisclosed number of detective and a number of police radio patrol units will augment the regular police waterfront squads.

Two volatile demonstrations prompted the precautions: 1. The American Federation of Labor and Congress of Industrial Organizations, International Longshoremen's association as allegedly gangster controlled, openly urged the ILM members to join a new AFL waterfront union.

2. A contractor between the AFL and the New York Shipping association, an employers group, expires next Wednesday. Negotiations are deadlocked and failure to reach an agreement could precipitate a strike paralyzing the ports and multimillion dollar shipping industry.

Final Rodeo of Season Slated For Twin Falls Field Sunday

Sunday afternoon will be the last chance for area residents to see a rodeo at the Twin Falls field. The second edition of the amateur rodeo for the benefit of the Idaho Orphaned Children's society will get under way at 2 p.m. at Frontier field.

The show started at 10 a.m. with the Twin Falls County Rodeo Association presenting a drill. The drill will be repeated Sunday afternoon, Monday.

The first time in the calf roping event, Jack of 304 seconds was bested by Gary Warburton, Cammen, Mont., 2:04, and Jack Plimley, Lakerville, Ore., 2:04. Dan Correll, Gooding, was fourth with 2:11 seconds. Ernie Stevens, Gooding, was first in the bareback riding event Saturday. John DePew, Eden, was second; and Ray McFarland, Murghaus, was third.

In saddle-brake riding, Dan Correll, Gooding, was first; Calvin Correll, Gooding, second, and Orlie White, Gooding, third. Max Robinson, Zonia, was first in the team horse race. Dick Reed, Gooding, was second and Warburton was third.

Kiwanians Entertain Valley's Youngsters

To paraphrase the prophecy "every dog has his day," it was "every kid has his day" in Magic Valley Saturday. The "day" was made possible through the combined efforts of Kiwanis clubs in Twin Falls, Filer, Buhl, Jerome and Burley and the entertainment included fireworks, parades and a trip to the Mountain Home airbase.

It was the Filer "kids" who went to the Mountain Home airbase. Buses left the Legion hall at 9 a.m. and returned at 6:30 p.m. One adult, in addition to the driver, accompanied each bus. The children taking the trip, all between the ages of 10 and 16 years, for the most part, took their own sack lunches.

Estimated 70 children participated in the Twin Falls parade.

Members of the Kiwanis club members kicked off the Saturday morning activities with a three block-long parade for children, through the city streets. The parade was led by a police escort and the city fire truck, the parade commencing in eight different divisions.

Cash awards totaling \$40 were distributed to parade winners at the city park by Kiwanis club members immediately following the parade. First place winners in each of the divisions received \$3, second place winners \$2 and third place \$1. Boys three winners in each division were Shirley Wilson, Sherrill Hall and Twinkle Brown, doll buyers. Mary Rodas, Sherry Stuart and Jerry Peterson, bicycle. Tashina Hopkins, Diana Sun and Vickie Hall, tricycle-wagon.

Douglas Klunder, Gerald Lewis and George Buxton, pets; Freddy Ohio, James Shockey and Hilda Miracle, characters; Pauline Quill, Jerry Hermes and Colleen Shaffer, comic; Steven and Danny Klunder, Marilyn Sharp and Judy White and Annette O'Halloran, most original costumes; Evelyn Shaffer, James Denny and David Royer, western.

The Rev. Eugene Crow, in charge of parade judging, said he was impressed with the originality of the parade entries. He said judges had a difficult time arriving at final decisions.

Assisting the Rev. Mr. Crow with the judging were Rev. William D. Phillips, Rev. Richard De Villiers, Henry Bessie, W. W. Francis, Russell Quinlan, Clio Huff and Clifford Smith.

Participants in the parade gathered at Joslin field at 10 a.m. (Continued on Page 10, Column 1)

Solon to Continue Intelligence Probe

WASHINGTON, Sept. 26 (AP)—Senator Daniel A. Claitor, R-Mo., said tonight he is going ahead with questioning of top army intelligence officers despite opposition it might bring from a group of congressmen who operate the intelligence.

The senator spoke at a regional conference of the Junior Chamber of Commerce. He invited the delegates to attend a meeting Monday at his home in St. Louis.

One witness, he said, will be Maj. General F. P. Partridge, head of army intelligence.

In accepting the appointment, Angerbaumer said he deemed it an honor to be asked to serve the country. "I do not know of any program (Continued on Page 5, Column 1)

New Wards Expected to Eliminate Congestion for Oct. 13 Election in City

according to Joseph H. Latimore, city manager, and no action is required on their part to vote in the new wards. However, they must vote in their new polling places.

Qualified voters are persons who are registered, citizens of the United States, over 21, residents of Idaho six months and residents of the city at least three months. If the elector has moved from one ward to another, he must notify the city clerk while the registration books are open.

Persons who have registered in the past year or voted in one of the

ward boundaries, expected to be completed by the city clerk, will be able to vote in the new wards. The new ward boundaries are as follows: Ward 1, from the city hall to the city limits; Ward 2, from the city hall to the city limits; Ward 3, from the city hall to the city limits; Ward 4, from the city hall to the city limits; Ward 5, from the city hall to the city limits; Ward 6, from the city hall to the city limits; Ward 7, from the city hall to the city limits; Ward 8, from the city hall to the city limits; Ward 9, from the city hall to the city limits; Ward 10, from the city hall to the city limits.

Fort Hall Woman Is Killed in Crash

FORT HALL, Sept. 26 (AP)—Mrs. Alice E. Clark, 62, of Fort Hall, was killed instantly near here on U. S. highway 21 last night when her car collided with a truck and semi-trailer driven by Arthur Beaulin, 24, Idaho Falls.

Idaho State Patrolman Henry Parker said Beaulin, the only eye-witness to the accident, which occurred about 1 1/2 miles north of Fort Hall, said Mrs. Clark's car apparently went out of control when another vehicle cut sharply in front of her while passing.

Beaulin said Mrs. Clark pulled sharply toward the ditch, swerved back across the road, and into his truck, then turned over and skidded along the highway on its top.

Parker ordered a search for the third car, described as a 1948 or 1950 Ford, which he said failed to stop.

Beaulin declared that "ordinary people everywhere are worried that the high hopes for a new peace approach proposed last May by the prime minister, backed by opposition leader Attlee, are being dashed."

O'Brien met Churchill Monday on the Riviera where the prime minister is vacationing.

Buenos Aires is the third largest city in the western hemisphere, ranking between New York and Chicago and just before Philadelphia.

The sea otter has been rigidly protected by international agreement since 1930.

British Chief Still Desires Big 4 Parley

NEWCASTLE-ON-TYNE, England, Sept. 26 (AP)—A top British Labor leader who had lunch with Prime Minister Churchill a few days ago said tonight that Churchill is "quite ready to go even to Moscow" in his quest for peace.

Port O'Brien, past president of the Trade Union congress (central body of British Labor movement) and a moderate Labor member of parliament, told a TVC meeting Saturday night.

"I can assure the British people that the prime minister has not dropped his plans for his four-power talk, he will not drop them, and he intends vigorously to pursue them, and he is quite ready to go even to Moscow," he said.

But he can't hot battle against American reluctance on the one hand and Russian reluctance on the other.

O'Brien declared that "ordinary people everywhere are worried that the high hopes for a new peace approach proposed last May by the prime minister, backed by opposition leader Attlee, are being dashed."

Spanish Bases Put Soviets in Range of U. S.

WASHINGTON, Sept. 26 (AP)—American airbases in Spain can provide vital, stepping stones for both medium and long range bombers en route deep into the Russian heartland if it should come.

Air strategists look upon the bases, to be built under an agreement signed with Spain today, as a major link to complete a chain of airbases stretching from England to North Africa.

The four American airbases, together with two naval facilities expected to be constructed, will be as important offensively as defensively.

In addition to the task of building long and heavily paved runways, strips running from 5,000 to 10,000 feet to handle jet-and-jet-bombers, the United States probably will find it necessary to construct extensive road and fuel line systems.

In getting the Spanish agreement, the United States reportedly succeeded in avoiding a complication it has encountered in the creation of American fields in Morocco. The agreement with the French government fixed a ceiling on the number of U. S. personnel to be stationed regularly at the fields. The Spanish agreement was understood to contain no such ceiling.

Terms Reached

IDAHO FALLS, Sept. 26 (AP)—Officials of the Eastern Idaho Metal Trades council, A.F.A., said Saturday agreement has been reached with Westinghouse Electric corporation on terms of a new contract for workers employed at the AEO national reactor testing station.

The contract provides for a general wage increase of seven and one-half cents an hour, officials said.

Gov. Earl Warren will be invited to introduce Nixon at a luncheon at the Palace hotel after the vice president and his wife are met at the airport by Mayor Elmer E. Robinson.

The Nixons then leave for Honolulu on Oct. 7, where they will make the first stop of their 30,000 mile journey.

The vice president, acting as personal emissary of President Eisenhower, is expected to visit all the free Asian nations, stopping at Seoul, Manila and Tripoli on the return trip.

First intercollegiate fraternity, Phi Beta Kappa, was founded at the College of William and Mary, Williamsburg, Va., in 1776.

Panel; Jordan Slate Meets Friday

Sept. 26 (U)—Gov. Len Jordan will meet with the Idaho anti-Communist committee on Friday, Sept. 26, at the state department of health building.

Members will spend the day discussing the committee's new duties. Jordan will then meet with the committee to review the latter's recommendations for the group.

The panel will outline the committee's duties during the legislative session and decide if it wants to make recommendations to the legislature.

Participating in the establishment of the committee are representatives of public water systems, health, education, and other agencies, which would be asked to make recommendations on the committee's recommendations.

Harvesting Begin Oct. 5 Eastern Idaho

TWIN FALLS, Sept. 26 (U)—Harvesting of sugar beets in the eastern part of Idaho is expected to begin Oct. 5, according to Idaho manager of the Sugar Beet Company, said.

Harvesting of the beets at the factory at nearby Lincoln will begin two or three days later.

Where we will have a pretty good crop of beets is expected to be good because of favorable weather conditions this fall.

Harvesting will begin later than last year because of the late season of the sugar beet crop.

Approximately 11,500 acres are to be harvested in eastern Idaho, 1,500 acres over last year.

Chick's People Receive Serum

Sept. 26 (U)—The 400 people of Chick's were being treated with immune globulin to stop an epidemic of hepatitis, a liver disease.

Dr. J. Leland, state director of health, said 24 reported this week, and that more cases will be reported.

Emergency shipment of globulin from here from Berkeley, Calif., is expected to arrive Monday, followed by another shipment.

Charged in Train Crash

Sept. 26 (U)—William P. Miller, 40, was charged with driving a truck into a collision last Saturday involving his truck and a Union Pacific train.

Miller, a commercial driver, was taken to the hospital after the crash. He is recovering from his injuries.

The truck was carrying a load of dynamite and explosives.

New Cafeteria Being Operated at Junior High School

Modern kitchen of new cafeteria at Twin Falls junior high school is shown in photo at top. Part of the 25 tables of the dining hall are shown in lower photo. The cafeteria was made possible when the high school was moved from the building, making additional space available for the junior high school. (Staff photo-Engraving)

dents during the winter months.

Mrs. L. W. Carter, PFA lunch chairman and head cook, and three full time cooks are in charge of the meals. Several groups of children have been organized to serve the meals, clean and stack plates and clean the cafeteria after each meal.

New equipment installed in the cafeteria in addition to the tables includes a meat slicer, three compartment stainless steel sink and hood with fan over kitchen stove to carry off kitchen odors.

Careful planning and attention to detail has eliminated any possible delays in the serving line. About 30 minutes is required to serve the noon meal to junior high school and sixth grade students.

An old study hall has been remodeled into an audio-visual room. The program is one of the newest and most important trends in the modern education. The audio-visual room contains 180 new folding chairs. New black curtains, blinds, and sure complete darkness. Installation of a new 7-by-8-foot movie screen

Solon Doubts H-Bomb Will Ever Be Used

WASHINGTON, Sept. 26 (U)—Senator Gordon R. Donnell, a member of the Senate House Atomic Energy Committee, said today he doubts that the hydrogen bomb ever will be used in warfare.

"I don't expect to see an H-bomb exploded in my lifetime," Donnell told an interviewer. "In the course of time, you are going to get an agreement in that field."

The United States has advanced a plan in the United Nations for banning atomic weapons, under a rigid system of international inspection and control. But its approval has been blocked by Russia, which has urged "A-bomb prohibitions minus checkups."

Donnell said, however, he thought the Soviet would take "a second look" if a war appeared close.

He recalled that Russia was outlawed after World War I and was outlawed in World War II. He said he wanted to be the first to use it, he said, because of fear of retaliation in kind.

will complete the audio-visual setup.

The junior high school curriculum has been expanded to offer typing to ninth grade students. Thirty-six typewriters have been installed in the junior-high-school-typing-classroom—used last year as a high school speech room. More than 200 students are enrolled in typing classes.

Cataloging and filing of books in the junior high school library is being completed rapidly. The library occupies facilities used by the high school last year.

Three rooms formerly used by the high school have been remodeled for the junior high school industrial arts and mechanical drawing classes. All classroom floors and desks have been refinished. Desks used by high school and elementary students have been refinished and revamped for the junior high school classes.

Sharing former high school facilities with junior high students are 11 sixth grade classes.

Leaders Protest Bingham's Trim Of School Levies

BLAINE, Sept. 26 (U)—Superintendents of school districts in Bingham county have protested action of county commissioners in reducing the tax levy for the current year. They contend schools will have insufficient funds to continue operation on present scale.

"We only levied what you asked for in your budgets," Commissioner Pete Deak told the school officials.

Roy Weston, superintendent of schools in Aberdeen, replied: "We levied on mills, not on money."

Weston added that tentative budgets on which the levy was based might be increased later. He said he believed no cut in tax levies should be made until revised budgets are completed.

Harrison Isom, county assessor, said that Bingham county's assessed property valuation this year is nearly two million dollars higher than last year. He said taxpayers have been told they can expect tax reductions as a result of increased valuations.

2 Shoshone Men Facing Induction

SHOSHONE, Sept. 26—Two men will be called for induction into the armed services in October: Mr. Pearl Aldrich, selective service clerk, announced.

The men will receive their notices Sept. 30. The two chosen will be sent to Boise Oct. 15 for induction.

On Oct. 24, one man from here will go to Boise for a pre-induction physical examination. Notice will be sent to him October 6.

ENROLLS IN SCHOOL
SHOSHONE, Sept. 26—Virginia Guenoch, daughter of Mr. and Mrs. Bernard Guenoch, Shoshone, has enrolled at St. Alphonsus' nursing school at Boise.

Parking Fines

Marked Improvements in Junior High School Use Added Space in Structure

Local people, impressed with the Twin Falls high school building, will be equally pleased to learn of marked improvements in the junior high school.

Classrooms formerly used by high school students have been taken over by junior high school youngsters. Approximately \$8,000 was spent this summer remodeling and repainting the building to junior high school needs.

Probably the most outstanding feature of the junior high school is the new cafeteria, which is capable of serving more than 600 students. Space once used as a paint room has been remodeled and now contains a completely modern kitchen.

Rooms formerly devoted to mechanical drawing and shop classes have been converted into a dining hall with archways joining the three rooms. The kitchen has been decorated in yellow and the dining rooms in blue.

Twenty-six permanent type tables, designed and constructed from salvaged desks by Owen Kinney, assistant supervisor of buildings and grounds, have been placed in the new cafeteria.

Exceptionally attractive, the tables seat eight to ten students and most important, trends in the modern education. The audio-visual room contains 180 new folding chairs. New black curtains, blinds, and sure complete darkness. Installation of a new 7-by-8-foot movie screen

In your busy life a well-fitted shoe is all important... that's why women love Naturalizer's famous heel-hugging toe-free lasts. It gives perfect fit with no slip, no gap, no pinch ever. Just everything you want in a shoe is in Naturalizers. See the Treasure Chest collection for fall.

As advertised in McCall's

Year of Penance... Decreed by Pope

VATICAN CITY, Sept. 28 (U) — Pope Pius XII today proclaimed 1954 a Marian year in honor of the Virgin Mary. He called the Roman Catholic church's more than 400 million members to worldwide campaigns of prayers and penance.

The major objectives of the year, for which supplication will be made especially to the mother of Jesus, included a return to fuller Christian life, peace, liberation of the church in countries where it is persecuted, an end of class hatreds.

The papal encyclical to the church's hierarchy establishing 1954 as a Marian year, came in the year of the proclamation of the dogma of Mary's Immaculate Conception.

The 12-month period will begin next December and end in December, 1954.

Installment Purchases Spiral To New High; Experts Wonder

By PATTI SIMMONS
WASHINGTON, (U.S.A.)—A half-century ago grandpa couldn't buy his new buggy on the installment plan. Now your grandpa might buy a new four-wheeler with only a down payment.

Today, however, 65 per cent of Americans purchase such things as TV sets, luxury automobiles, washing machines and furniture on a pay-as-you-go basis.

So economist William J. Cheney, director of the National Foundation for Consumer Credit, has come up with seven rules for sensible installment buying.

Some economists believe large scale installment buying is unhealthy for the country. But, nevertheless, most people today are buying that way and the goods they buy keep a lot of people working.

Federal reserve figures on installment credit show a staggering 10 billion dollars in 1933, as compared with 27 billion dollars in 1939.

The following pointers dished out by Cheney may be of special interest to the women who do 80 per cent of our buying directly or by influencing a man.

1. Pick your installment house the way you pick your friends—with care. Consult the Better Business Bureau. You've got only yourself to blame if you get hooked with inferior merchandise or fantastic carrying charges.

2. Don't be a sucker and jump into the first store you pass. Installment business is highly competitive. When you walk into a store ask two questions: The cash price of the article and the installment price. If there's too big a difference try another store. Trying five stores may save you money.

3. Read your installment-credit contract carefully. Many understanding can cost money.

4. When questioned for cash (check, for example) call the credit manager immediately. Reputable stores do not want to repossess. Case histories show installment houses have carried customers unable to make payments for months because the customers were on the level with them.

5. One proposal under study calls for construction of a 36-inch pipeline from Texas and the middle west to the east. Such a pipeline would be much larger in diameter than any line now in use in this country: a 26-inch line in Texas is the country's largest.

The subject of inland transportation of oil may come before the National Petroleum Council's meeting here Tuesday.

NEW EMPLOYEE
SHOSHONE, Sept. 24 Darlene Perron has been employed as office clerk at the Idaho Power company here. She previously worked in Salt Lake City and is replacing Mrs. Frank Onida who has moved to Pocatello.

Vote Planned By France on Defense Pact

OXLEY, France, Sept. 25 (U.S.A.)—Joseph Laniel said today the French national assembly will be asked to vote on the European defense community treaty after the Saar question is settled, the treaty's interpretative protocols have been signed and an accord reached with Britain tying that nation with the project.

This was the first positive statement by a French official on the controversial EDC treaty since the overwhelming electoral triumph of West German Chancellor Konrad Adenauer and his pro-European union policies Sept. 6 put the heat on France on some action.

Laniel made the declaration in a speech dedicating a bridge spanning the Orne river in Normandy.

Treaty signed by France, Italy, West Germany, Luxembourg, Belgium and Holland in Paris a year ago last May, it calls for a two-million-man, one-uniform army. The United States has favored the treaty because it permits West German soldiers to help in the defense of the west.

Although the idea was proposed by France because it retrained Germany while keeping them controlled in the six-nation command, deep seated fears of German aggression have made it an issue which French politicians have been hotly debating.

OK'd by Germany
The treaty has been approved by both houses of parliament in Germany and by one house of the Dutch parliament.

This council of Europe's consultative assembly, a semi-parliamentary group in which all six nations are represented, declared in Strasbourg today that it hopes for an eventual agreement with the Soviet union must not delay the mobilization of West German manpower.

This statement was made in a declaration of policy that also called for prompt talks by the big four powers on an Austrian independence treaty and a German settlement based on free, national elections. The declaration was adopted 70-7, with the negative vote cast by the anti-rearmament West German Socialists.

Vietminh Troops Begin Campaign

HANOI, Indo-China, Sept. 25 (U.S.A.)—Vietminh troops appeared tonight to have embarked on a campaign aimed at destroying the newly-formed Vietnamese light battalions in the Red River Delta.

The French high command announced that one of the Vietnamese battalions in the Buechu sector, about 75 miles southeast of Hanoi, had been strongly attacked by heavy Vietminh forces.

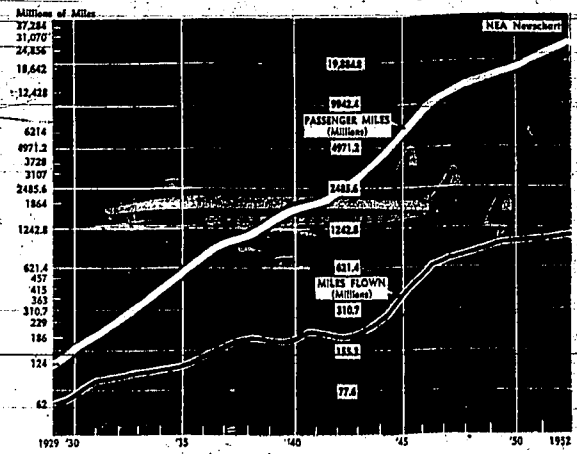

It said the Vietnamese had repulsed the communist-led Vietminh in bitter hand-to-hand fighting in a village near Buechu, killing 60 Vietminh, but the Vietnamese sustained "important losses."

No Program

IDAHO FALLS, Sept. 25 (U.S.A.)—Too few Korean war veterans have returned to the eastern Idaho area to warrant setting up of a farm training program, Charles Heath, area training supervisor, said Saturday.

Vocational agriculture officials in the area met in a series of three sessions this week to discuss the situation.

Air Travel Is Mounting

The remarkable growth of civil air travel in recent years is shown by the steadily rising lines on the new chart above. It is based on a recent bulletin of the International Civil Aviation organization, Montreal. Bulletin gave data in kilometers, which have been translated into millions on the chart. The 10,000 points out that the world's scheduled airlines carried 45 million passengers in 1932, compared with 39,000,000 in 1931 and 21 million in 1947. In the U. S., airline, passenger traffic was about equal to the Pullman (first class) railway service in 1931 and exceeded it by 29 per cent in 1947. Nearly 1,400,000 people traveled by air between the U. S. and overseas countries last year.

Killer of Student Given Life Term

CANANDAIGUA, N. Y., Sept. 25 (U.S.A.)—Fred Eugene McManus, 19-year-old confessed killer of 15, was sentenced today to life imprisonment for the murder of a college student.

The Valley Stream, N. Y., youth remained calm and apparently unperturbed as State Supreme Court Justice H. Douglas Van Duar pronounced a sentence recommended by a trial jury.

He smiled briefly for his parents, Mr. and Mrs. Jesse McManus who were sitting in the front row, fighting back tears. He clasped his mother's hand momentarily as he was led from the courtroom.

A jury of 10 men and two women Thursday found the ex-marine guilty of first-degree felony murder in the pistol killing March 27 of William Allen Braverman, 19, of Rochester, a Hobart college freshman. The jury recommended life imprisonment.

Bond Vote Set

RIOBY, Sept. 25 (U.S.A.)—Trustees of Jefferson county school district 25 have set Oct. 20 as the date for a \$1,100,000 bond issue election. The money would be used for new school buildings and improvements.

2 Killed, 10 Hurt in Auto Crash Series

COEUR D'ALENE, Sept. 25 (U.S.A.)—Two persons were killed and 10 injured today in a series of traffic accidents, within a mile and a half of each other north of here on Highway 88.

Joseph B. Bunney, 33, Sandpoint, was killed instantly in the first accident. Mrs. Lola House, 35, Hayden Lake, died in the second which occurred about 30 minutes later.

Bunney's car, traveling south, crashed head-on with an all metal station wagon driven by Mrs. James Hanson, 24, Superior, Mont. Deputy Sheriff John Rasor reported.

Mrs. Hanson, her husband and six children riding with them were injured. The children were the Hanson's two sons and daughter and three children of Mr. and Mrs. Clyde Schilling. They range in age from 18 months to 16 years.

Mr. and Mrs. Schilling were driving behind the Hansas in a pickup truck and saw the accident. Deputy Rasor said Bunney's car was in the wrong lane of traffic when they hit on a straight stretch of road.

Mrs. House met death when the car in which she was riding rolled over several times on another straight stretch south of Hayden Lake junction about seven miles from here. L. Schaffner, 33, Coeur d'Alene and Leo Palmer, an alman on leave from McChord air force base were both injured. Rasor said Schaffner was driving.

All 10 of the injured were brought to the Coeur d'Alene hospital.

Warrant Signed

BOISE, Sept. 25 (U.S.A.)—S. Dist. Judge Chase A. Clark Saturday signed a warrant of removal to return Hiram Campbell to South Dakota to face a charge of breaking and entering Rapid City air force base property with intent to commit a felony.

All 10 of the injured were brought to the Coeur d'Alene hospital.

500 POWs Given Release by Russ

BERGHAUSEN, Germany, Sept. 25 (U.S.A.)—Nearly 500 German prisoners of war who have spent nearly a decade behind barbed wire in Russian camps crossed into the freedom of West Germany tonight.

German border authorities said 468, including 18 women and eight children, checked through the border here after being brought to the frontier from the Polesenwald transit camp.

They all were wearing baggy, cheap gray-blue gray suits of the type first seen in the west on civilian internees released by the communists in Korea.

Yogi Berra of the Yankees batted in 23 runs in a two-day period while playing for the Norfolk Tarn in the Piedmont league in 1943.

Canadian Trade

WINNIPEG, Sept. 25 (U.S.A.)—An export plan for Canadian goods to be sold in the United States was announced today by the Canadian government.

The plan, which is part of a long-range program to increase Canadian exports, calls for the sale of Canadian goods in the United States on a "pay-as-you-go" basis.

WIN a brand NEW MAYTAG

in our
OLDEST MAYTAG
contest!

That's right—we're looking for the oldest washer in Magic Valley, and when we find going to give the owner, brand new, latest Maytag Washer in exchange.

There are no complicated rules in this contest. Write your name and address, and the serial number of your Maytag Washer on the entry blank, mail or bring the blank to our store. That's all it is to.

Contest Closes Oct. 31, 1948

All entries must be in our hands by 5:00 p.m. included in the contest.

WIN A MAYTAG

The owner of the OLDEST Maytag Washer in the contest will receive A BRAND NEW Maytag Washer. Read the rules below—then write down the number of your Maytag, together with your name and address on the blank and get it into our hands.

Here are the rules:

1. Serial numbers of all machines entered to be in our hands by 5:00 p.m. Oct. 31, 1948.
2. The owner of the oldest Maytag washer in the contest will receive a new Maytag Washer at the time of the contest.
3. Factory records of Maytag serial numbers will be used to determine the oldest machine. The age of each washer entered will be final.
4. You need not be the original purchaser of the Maytag Washer. Any Maytag washer given faithfully service to you will be eligible.
5. Any Maytag owner is eligible, regardless of age.
6. You must be a resident of Magic Valley to be eligible.

Note: If you cannot find the serial number of your Maytag, call us.

C. C. ANDERSON
Phone 2180

Clip the blank, fill it out, and then bring it to either of our stores to enter the contest.

C. C. ANDERSON CO.

Kids Day Winners Get Prizes

DO HEARTS

Bobby Bopp, "Kids Day" general chairman, presents an award to Thelma Hopkins, winner of the most attractive bicycle entry in the Kiwanis-sponsored "Kids Day" parade Saturday morning. Winners of the most original costume division were Steven and Danny Klunder; left, dressed as an organ grinder and his monkey, Fred Otto, right, dressed as King Arthur, won the character costume award. (Staff photo-engraving)

Area Groups Observe Day For Children

(Press Staff Copy)
were organized into divisions by Kiwanis members and Ernest Orner, city parks and recreation director. Leaving the park, the children paraded up Second street east to Main avenue, down Main avenue to Second street north and then down Second-north to Shoshone street and back to the city park on Shoshone east.

Following distribution of parade awards, the children were the guests of the Kiwanis club at free movies shown simultaneously at the Romy and Orpheum theaters.

The "Kids Day" program is a nationwide project sponsored by the Kiwanis clubs. Money raised by the organizations during the program is used to help needy children.

Twin Falls Kiwanis spent Friday and Saturday selling peanuts to downtown shoppers and at Saturday's livestock sale. Funds raised from the peanut sale will be used to continue the "Twin Falls Kiwanis club work with underprivileged children."

Three hundred and fifty children participated in the National Kids day parade at 8:30 a.m. in front of the Elks' club and was led by the Jerome Junior band to the city park where children were treated to ice cream.

First prizes in the parade were won by Kathy Wilcomb, best decorated bicycle; Dolores Leytham, pinner; Bob Keck, doctor; Cheryl Fleming, best hillbilly; Evelyn Hinton and Judy McMillan, best pet drawn cart; Tommy Cappe, hotrod; Trudy and Ann Smith, cowboys; Linda Shaver, mother and doll; Ed Turpin, the fattest; Linda May, shortest; James Weeks, most original; Vicki Camenz, most comical; Sharon Peterson, best pet, and Linda Elorita, best decorated tricycle.

Mike Barker, cowboy; Darlene Keck, nurse; Helen Tuberville, clown; Jay Draper, tallest; Bill Peters, spaceman; Sherry and Jim Sinal, stopwatch champions; Carol Darling, skinner; LeVonne, dancer, the most freckled; and Harold Tuberville, the most patches.

Following the parade, children

Times-News Public Forum

T. F. Youngsters, Parents Rapped For Apple Thefts

Editor, Times-News:
You parents always see that your children get to Sunday school. Go one further—see where they are other times, instead of being in people's yards stealing apples from a blind man.

We have only one Jonathan apple tree. We usually get six or seven bushels from the tree, and what we do not need, we always have given away.

Kids have taken all but perhaps one bushel. We could have turned them in to the police, but thought they would have enough principle to leave some. There is not one that isn't able to be taken out to some orchard and get apples without stealing them.

We know most of the kids, and from now on they will be turned in to the police.

Ore Truck Nearly Plunges Into River

When an ore truck from the Triumph mine was involved in a slight accident near the approach of the bridge crossing the Big Wood river Thursday, it crashed into the end of the bridge and nearly plunged into the river. About half of its 18-ton load was spilled into the water. The bridge will be closed for several weeks but a temporary bridge has been thrown across the river. Driver of the truck was George McKay, Malley, (Staff engraving)

Mrs. Albee Paid Last Honor-Here

Idaho Falls Seeks Branch Gas Line

IDAHO FALLS, Sept. 26 (U.S. W. Panning, mayor of Idaho Falls, said today his city has filed an application with the federal power commission asking that it be included in any plans to pipe natural gas into eastern Idaho.

The mayor said a pipeline from New Mexico through southern Idaho and into the Pacific northwest probably would pass through Pocatello and he said it seemed probable that a branch line could be diverted from Pocatello through Idaho Falls and other upper Snake river valley points.

U. S. Avers Pact Strengthens West

WASHINGTON, Sept. 26 (U.S. The United States-Spain military and economic agreement will strengthen the ability of the west to maintain "international peace and security," the state department said today.

The agreement signed in Madrid today, covering American use of Spanish airbases and naval facilities will be in force for 10 years. The defense accord—one of three agreements signed—would be extended automatically for two successive periods of five years each unless terminated by one of the parties.

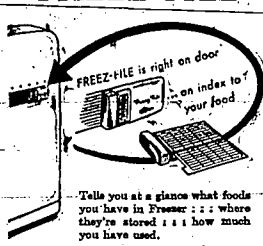

Population density of Europe is 163.3 persons per square mile; Asia's 77 persons; and North America's 2.3 persons per square mile.

Probe of Rye Import Starts

WASHINGTON, Sept. 26 (AP)—Investigators for the senate judiciary committee set out today to learn why some Canadian-grown rye is being imported at a reported loss and who in this country buys it.

Committee chairman Langer, R., N. D., ordered the inquiry, expressing "suspicion" that one explanation might be illegal commodities market manipulation costing U. S. farmers millions of dollars.

Langer made public a letter to Secretary of Agriculture Benson. The letter quoted a campaign declaration by President Eisenhower to U. S. growers that their rye, oats and barley "should be given the same protection as available to the major cash crops."

Langer noted that Benson already has asked the tariff commission to consider imposing a quota on oats imports. He urged the secretary to take similar action at once in the case of rye and barley.

Langer said rye imports between July 1 and Sept. 10 this year ran to 2,530,000 bushels, compared to 510,000 bushels imported between July 1 and Sept. 11, 1952.

Dustlike pumice is thought to cover the surface of the moon.

Quake Rocks Nevada Area; Damage Light

RENO, Nev., Sept. 26 (AP)—A sharp earthquake shook Reno Friday night and police were flooded with calls reporting crashing sounds, explosions and rumbling.

But gamblers only paused, and then continued their games.

The desk officer at Reno's new central police station said he thought the root was coming from the desert, but he later showed little damage occurred anywhere in the immediate Reno area.

Felt in California.

The quake was felt in Sacramento, Calif., about 150 miles west over the Sierra Nevada. Police there received reports of rattling dishes and swaying lamp cords.

A desk at Harold's club in Reno described the quake as similar to the tense moment at a ball game when somebody hits the ball—and everybody draws in his breath and waits.

The dealer said the club grew strangely quiet for moments—some customers grabbed hold of tables to steady themselves—but when nothing further happened, the roulette wheels began to spin again and the card shooters went back to work.

Buildings of four and five stories swayed and several fans watching hardtop races at the Reno rodeo ground felt their seats as the famous world grandstands danced violently.

One lane of U. S. 40 was blocked briefly about four miles east of town by a rock slide, but was quickly cleared.

The center of the quake was not immediately determined.

Plans Revival

DR. OSCAR J. FINCH
who will hold revival services at the Jerome Nazarene church Tuesday through Sunday. Meetings are planned for 8 p.m. daily and 11 a.m. Sunday.

Revival Service Begins Tuesday At Area Church

JEROME, Sept. 26—The Rev. Dr. Oscar J. Finch, Coia Mesa, Calif., will conduct revival services at the Jerome Nazarene church Tuesday through Sunday.

The meetings are being held at 8 p.m. daily and at 11 a.m. Sunday.

Dr. Finch also will be the speaker at the Magic Valley zone rally at 2:30 and 8 p.m. Friday at the Jerome church, corner of Lincoln and D streets.

Dr. Finch has served as superintendent of Kansas and New York districts and as president of Bethany-Pineal college at Bethany, Okla. He is author of the book, "Triumph in Temptation."

SPEAKER SLATED

SHOSHONE, Sept. 26—The Rev. E. J. Robinson, Dallas, Tex., will be guest speaker at the Assembly of God church at morning and evening services Sunday.

Hansen PTA Fetes Faculty at Reception; Banquet Is Slated

HANSEN, Sept. 26—The first PTA meeting of the season highlighted a reception honoring the faculty members Thursday evening in the auditorium.

Mrs. W. E. Jones, PTA president, introduced the executive board members and welcomed the teachers after her own introduction by W. D. Wiseman, school trustee chairman.

Mrs. Charles Sharp gave the response in behalf of the teachers.

Supr. Bernard Hopwood introduced the faculty members. They are: Mrs. Edna Sharp, first grade; Mrs. Zulalla Bennett, second grade; Mrs. Frankie Hopwood, third grade; Mrs. Pearl Bracken, fourth grade; Mrs. Bertha Lester, fifth grade; Mrs. Jackie Miller, sixth grade; Mrs. Tessa Tolman, seventh grade; and Jay LaJoune, eighth grade.

Mrs. Barbara LaJoune is librarian; Hazel Gray, shop and general sciences instructor; Mrs. Hilda Burgess, home economics and speech teacher; Mrs. Thylla Miller, commercial teacher; Ronald Koefed, music director; Mrs. Alice Woodley, English and Spanish instructor; and Ted Crockett, mathematics and biology teacher.

Superintendent Hopwood taught social studies. Crockett and Gray also do the coaching.

Mrs. Clarence Hoffield was program chairman.

A quartet including Mrs. Blake Froehlich, Mrs. Joe Froehlich, Jr., Mrs. Vergil Wilson and Mrs. Frank

TWIN FALLS SLUGS ELKO 25 TO 6 AS CUMMINS SCORES TWO

Bruins Have Easy Time With Badly Outplayed Indians

ELKO, Nev., Sept. 26.—The Twin Falls Bruins bounced back onto the victory trail here Saturday as they completely outplayed the Elko Indians to run up a 25-6 score.

The win snapped a two-game losing streak for the Bruins and made the record for the season read two wins against two ties.

Most of the first half was played in the Elko backyard as the Bruins threatened time after time but couldn't punch the score across until late in the second period.

After driving down to the Indians' one-yard line, the Bruins lost the ball on downs. Elko took over and after three unsuccessful cracks at the first forward wall had gained only four yards, the Indians dropped back into punt formation.

Instead of kicking, Elko elected to gamble, didn't make it, and the Bruins took over on the Indian five. Bill Cummings split his own right guard-and-tackle and hurried into the end zone for the first Bruin score.

The Bruins kicked off to Elko and on the first play from scrimmage the Indians' end zone was reached. Cummings out-jumped the Indian receiver on the mid-field stripe and carried the ball over for a touchdown. The Indians kicked to the end zone for the second Bruin score.

The Bruins kicked to the Bruins to start the second half and after being held for two downs the Bruins launched a sustained drive that carried them from their own 15-yard line into pay dirt.

Larry Cragg, sophomore halfback, carried the ball over for Twin Falls on a two-yard buck over center.

Making a 10-point lead, the Bruins pulled the first start down from the field for most of the remainder of the game.

Midway in the fourth quarter, the Indians put together a drive that carried to the Bruin 45-yard line. But a fourth down and three yards to go, Elko elected again to gamble and again missed with the Bruins taking over on their own 45.

Hitting hard at the center of the Indian line, the Bruins drove the 58 yards to the Bruin 10-yard line. On the end zone for the final Bruin tally on a four-yard plunge.

Elko's only score came late in the game on a long forward pass which caught the Bruin defense flat-footed.

Captain Harold Brown said a total of 35 players in the game and reported 10 injuries to the Bruin squad.

Next Saturday, the Bruins take on the second Big Six opponent in the west, the Pocatello at Lusk field. The Bruins threw a total of nine passes and completed seven and gained a total of 192 yards on the ground. Elko was held to a small yardage on the ground and in the air.

2 Bliss Stars In 7-7 Contest.

BLISS, Sept. 26.—Two Bliss high school football players broke legs Friday as Bliss and Bellevue wrestled heads in a rough eighth-man conference tilt here.

The final score was 7-7.

Ronnie Straud, Bliss right halfback, broke his left leg as he scored the winning touchdown for Bliss in the second quarter.

In the fourth quarter guard Bill McCall broke his right leg while tackling a Bellevue runner.

Both players were taken to the Gooding Memorial hospital and will be out for the remainder of the season.

Bliss was cut down to only one receiver as a result of the injuries. Bellevue scored first in the initial period on a long pass.

The game was a knock-down and drag-out affair from the opening whistle.

Bellevue put on a fourth quarter drive that threatened to tie the game. Bliss and Dick Bray saved the day for his club when he dropped on a fumble to halt the threat.

Filer Grid Star Hurt; Buhl Wins

FILER, Sept. 26.—The Buhl Indians came up with their first win of the year Friday night, defeating Filer 33-13 in a Big Seven game.

Filer's Dan Lancaster was injured seriously in the game. Lancaster received a head injury and was carried unconscious from the field. He was taken to St. Luke's Memorial hospital where his condition was described as good.

Frank Gooding, Filer coach, said Lancaster received a slight concussion but said the player was expected to be released from the hospital Sunday.

Vernon Rodg was the big gun for Buhl in the victory, scoring twice. His first score came on an end run of five yards. The second came on another end sweep of the yard.

Wayne Claxton scored 55 yards for another Bruin score and a 35-yard pass from Jack Boudreau to Ron Pryor accounted for another Bruin score. The other Bruin score came on a recovered fumble in the Filer end zone.

Filer's score came in the fourth quarter when Glen Tipton kicked a fumble out of the air on the Buhl 15-yard line and trotted into the end zone for the Bruin score.

Martin Landholm scored the final Bruin touchdown on a quarter-back sneak from the one-foot line.

Paul Explodes For 31-6 Win Over Pirates

HAGERMAN, Sept. 26.—A dormant Paul eleven finally came to life Friday afternoon as it clubbed the Hagerman Pirates 31-6 in one of the high school major upsets.

Paul, which hadn't won a game this season, stayed strictly on the ground in running up the top-sided win over Hagerman.

Paul broke into the scoring column in the first period when Lynn Butters smashed over his own right tackle and plunged into the end zone for the first Bruin score.

Hagerman made a ball game out of trying to tie the score in the second period when Bud Palmer collected 45 yards from the Paul left end for a touchdown.

In the second half Paul began to roll and tallied four more touchdowns before the Pirates could get back into the game.

Butters got the first Paul score in the third period on another off-side smash from the 15-yard line. Jay Korsan added another in the same period when he clipped off a 15-yard run.

In the fourth period, Vernon Rosa belted over from the 10-yard line on a quick-open to tie the score. Hagerman added the final score on a 55-yard run.

Korsan played standout ball for the Paul eleven along with his running mate, Butters.

The loss dropped Hagerman to a 1-4 record for the season.

Fairfield Team Beats Dietrich

DIETRICH, Sept. 26.—The Fairfield Mualders came up with the upset of the season in eighth-man conference play Friday as they clubbed a top favorite Dietrich team 33-7.

The Fairfield club capitalized on the weak air defense of the Devils and tallied four of their five touchdowns on the Dietrich air.

D. Jewett teamed up with B. Simmons on a 25-yard flounder in the first period for the initial score. Fairfield, late in the same period, J. Lee tossed another pass to A. Turner for the second Fairfield score.

In the second period, Turner and Jewett clicked for another score on a 20-yard combination.

Dietrich attempted to get back into the game in the third period when Jim Casper took an interception and rushed 75 yards for the score.

The passing of Fairfield was too good for Dietrich.

Turner and Lee hit for another 15-yard pass and a score.

The final Fairfield touchdown came when B. Simmons picked up a Dietrich fumble on the 10-yard line and easily trotted into the end zone.

HOLY CROSS WINS

LYNN, Sept. 26.—The six-foot-four Jack Carroll, a veteran pass catcher, was the towering star for the Holy Cross team as they won 20-14 Friday night.

Roseworth Rehabilitation Program Set To

Still at It

SPORTS

Rupert Rolls to Second Big Seven Victory by Blasting Oakley 31-7

RUPERT, Sept. 26.—Rupert made it two in a row in Big Seven conference play Friday night as they stomped a hapless Oakley eleven 31-7.

It was the second week in a row that Rupert has scored more than 30 points in Big Seven play. Besides playing a letter-perfect offensive game, the Rupert club stopped the Oakley attack cold, allowing only 29 yards on the ground.

Rupert took to the air for its first score in the opening frame. Clarence Rauch lobbed a perfect strike to Bob Dalrymple for 50 yards and easy touchdowns.

Rupert came charging back after the next exchange of punts to score when Boyd Chugg took a handoff from Rauch and sprinted his own left end and raced into the end zone. Oakley began to get back into the ball game in the second period as it stiffened its defense and kept Rupert bottled up in its own backyard.

Rupert came out for blood in the second half and scored when Dalrymple split through a slight hole over his own left tackle and punched 20 yards into the end zone.

Larry Norby made it 25-0 late in the same period when he galloped 80 yards for another Rupert score.

In the fourth quarter, the Oakley passing combination began to click and they carried the ball to the Rupert one-yard line. Sophomore fullback Lynn Frank bulled over for the only Oakley tally.

Max Brown, chugger and Norby teamed up for the last Rupert score late in the fourth period. Alternately carrying the ball, the trio rushed down to the Oakley four where Norby scampered through a wide-open hole for the score.

Rupert made 12 first downs to Oakley's nine and gained 314 yards rushing to Oakley's 22.

Declo Hornets Defeat Hansen

HANSEN, Sept. 26.—The Declo Hornets scored touchdowns in each of the first three periods and then saved off a fourth period rally by Hansen to win 20-14 Friday night.

The win cost Declo the privilege of making Jim Hansen, who broke his arm, be taken to the hospital and will be lost to the team for the year.

The Hornets scored first in the opening period on a long pass to Gail Anderson.

At the start of the second period, Bobby Mahoney intercepted a Hansen pass on his own goal line and raced the length of the field for the second Hornets score.

Mahoney tallied the final Hornets score in the third period on a reverse play starting at the 10-yard line.

Ready Mixed Concrete

Ready Mixed Concrete

Ready Mixed Concrete

Ready Mixed Concrete

Gooding, Burley End In Scoreless Deadlock

BURLEY, Sept. 26.—The Gooding Senators and Burley Babcocks battled to a 0-0 deadlock Friday night in the Big Seven game of the week.

The game pitted the old-fashioned single wing attack of coach Rulon Budge of Burley against the winged-T of Gooding coach Vincen Carter. Both teams threatened on several occasions but were unable to drive the ball over when deep in enemy territory. The game was rough but well-played.

Burley's best scoring chance of the night came when Garth Wilson carried down to the Gooding three-yard line only to fumble when tackled on a vicious tackle by the Gooding safety man. Gooding recovered the fumble to end the threat.

The Senators from Gooding had their big chance when a sustained drive carried them down to the Burley 15-yard line.

Two cracks at the big Burley line netted nothing and on the next play the Senators fumbled with Burley dropping on the ball.

Both teams scored "top" offense in the second period but neither but one in scoring position could make the touchdown plays click.

The clubs stayed strictly on the ground with few passes being thrown during the game.

Larry Fields played outstanding ball for the Senators while coach Rulon Budge praised all his players.

Gooding and Burley played to a scoreless tie last year in the game to decide the Big Seven winner.

Budge said his Burley team is looking for a home game Oct. 9, instead parties can contact him at Burley high school.

Hailey Gets 14-0 Win at Arco Expense

HAILEY, Sept. 26.—A fine short-passing game coupled with the bull-like rushing of Dave Jorgensen was too much for Arco as the Hailey Wolverines racked up their first win of the season.

The Wolverines drove to their first score in the opening period. After a series of short passes from Stan Atkinson to Jorgensen and Bill Waite, Jorgensen took the ball on a hand-off and scored 35 yards around his own left end for the score.

Early in the second period, Wolverine end Foulton blocked a punt in the end zone. Arco recovered to give a safety and two points to Hailey.

The Wolverines came right back at the start of the second half with a drive that kept the Arco 25-yard line. Jorgensen took the ball on another quick-open and cutting sharply to his right raced into the end zone for the final Hailey marker.

The loss was the first of the year for the Arco eleven.

The Wolverines played a top defensive game, keeping the Arco club bottled up within its own territory most of the game. Arco penetrated to the Hailey 25-yard line only once in the entire tilt.

DUKE HALL WINS

DURHAM, N. C., Sept. 26 (AP)—Duke won a first-half stalemate; Duke were down Wake Forest's defense in the last two periods Saturday to win 10-0 behind the time quarter-backing of Jerry Barger.

THE PASSING ATTACK AND STUBBORN DEFENSE DEFEAT IDAHO

Idaho Blasted 21-0 Score as Defense Stalls

BOISE CITY, Sept. 26 (AP)—University of Utah used the passing attack and a stubborn defense to blast Idaho's Vandals 21-0 in the Uta bowl opener. A crowd of 17,361 watched as coach Jack Ralston's team scored twice in the second period and a quick counter came in just three plays. Utah won the Uta 46-yard line. Jack Cross ran to the 10-yard line and threw a 40-yard pass to Don Peterson. Peterson took a pushoff from Ralston, cut wide to his left and scampered 44 yards to the touchdown.

Utah was unable to put together a sustained drive. Twice in the first half the Vandals got onto the Utah 10-yard line, going once to the 10-yard line after getting possession of the ball on a Utah fumble. Later, they moved to the Utah 21, gaining possession again as the result of a Utah fumble. Neither time, however, were the Vandals able to drive to a first down.

Again, in the last minute of the game, Idaho drove to within sight of a touchdown with a beautiful pass by Bob Halnes to Frank Teverbaugh on the Utah 10-yard line. Four incomplete passes there stopped that drive.

Idaho failed to make a first down in the first half. The Vandals could do was run up eight yards in three plays and then they were forced to kick. Utah's first touchdown came on the first play of the second quarter. It followed a 55-yard drive and ended with Herb Nixan driving through the middle of the line for the touchdown.

The second touchdown came with only a minute to go in the game. The drive started on the Utah 40. The Utes used passes primarily to cover the 40 yards to scoring territory. The drive ended with a 40-yard pass to Don Peterson for the touchdown.

Twice more during the first half the Vandals scored in scoring territory, but both times penalties nullified the touchdowns.

Glenns Ferry Batters Melba By 34-6 Score

MELBA, Sept. 26—Glenns Ferry recovered from a first play night to beat Melba here Friday night and win the first game of the season. The win was the second for Glenns Ferry against one loss for Melba.

Melba scored first on the opening play of the game when the sleeper play and Smith hurried a long pass to Johnson, who went the 70 yards for a touchdown.

Glenns Ferry couldn't get rolling until the middle of the second period. When they did, they scored twice in the third quarter. A pass from Glen Davis to Rash was good for 50 yards and a score.

Later in the same quarter, Bybee again cut over his own right tackle and scored for Glenns Ferry. The game was tied 14-14 when Glen Davis intercepted a Melba pass and ran 25 yards to score.

The game was tied 14-14 when Glen Davis intercepted a Melba pass and ran 25 yards to score. The game was tied 14-14 when Glen Davis intercepted a Melba pass and ran 25 yards to score.

Notre Dame Stages Second Rally to Win 28-21

OKLAHOMA CITY, Sept. 26 (AP)—Notre Dame staged a second rally to win 28-21 over Oklahoma in the first game of the season. The game was tied 14-14 when Glen Davis intercepted a Melba pass and ran 25 yards to score.

SPORTS

Stanford Indians Strike Early to Upset Favored Oregon Eleven 7-0

PALO ALTO, Calif., Sept. 26 (AP)—Stanford's Indians struck early in the first period Saturday, converted the extra point and staved off three Oregon scoring bids thereafter to upset the northern team 7-0 in a Pacific Coast conference game.

A comparatively small crowd of 18,000 saw the game. The initial league encounter for both clubs failed to produce any noteworthy thrills. They stuck to old-fashioned football most of the time, pounding the line and running the ends. They were frugal and ineffective with passes.

Stanford quarterback Bob Garrett pulled a booting play for the upset as the Indians marched early in the first period. He dashed around his own left end for the last 4 yards for the touchdown. It caught the Oregon defenders by surprise. Garrett, a left-footed kicker, also converted with a place kick.

The 7-0 count stood thereafter. In the third period, a 77-yard Oregon thrust to Stanford's 15-yard line. The Ducks kept the ball on downs on its own 15 in the final period after Oregon had put together a 54-yard gain. A 23-yard pass from quarterback George Shaw to right end Emory Barnes highlighted this bid.

Good as they were at knifing through the Washington defense, the Michigan players were lamentably weak in the conversion department. Branoff made good on the first try and sub-quarterback Duncan McDonald made the other good one. Branoff missed two and Baladach three. Hill missed one.

It was the stalling run of Baladach that opened the first cracks in the Washington defense. Branoff's 25-yard sprint to the Washington 30 first put Michigan in scoring position. Fullback Dick Baladach added 17 yards. A touching play, but the ball-off-the-line, Branoff built his way into the end zone but Michigan was offside.

On the next try, the run of sophomore outraced the defenders on an end run and scored standing.

Valley High Clips Murtaugh By 33-20 Score

EDIN, Sept. 25—A free-scoring Valley High team of Edin moved into high gear here Friday night to roll up a 33-20 win over Murtaugh.

Johnny Royston started the scoring parade for Valley in the opening period on an off-tackle plunge. Tex McNeill made it 13-0 in the same period when he scored 25 yards for the second Valley score.

The final Valley scoring in the first half came when Jack Grant returned a Murtaugh punt 65 yards into the end zone.

McNeill tallied the fourth Valley score in the third quarter on an off-tackle plunge from the three-yard line. Grant capped the Valley scoring in the final period when he sneaked over from the three-yard line.

Two of Murtaugh's scores came in the third period when they tried to get back into the ball game.

Don Warr scored the first on a short lineback and Jay Clasen the second on a pincush in the same period.

Gene Hardin finished the Murtaugh scoring late in the fourth period on another short lineback.

Washington State Cougars Bounce Back to Pin 26-20 Loss on College of Pacific

STOCKTON, Calif., Sept. 26 (AP)—The Washington State Cougars, bombing back from a 29-13 loss to powerful USC last week, came from behind to down College of Pacific 26-20 on Saturday.

Both teams played solid football with the winning touchdown coming in the fourth quarter on a 15-yard run by WSC sophomore halfback James Hagerty, after he recovered a Pacific fumble deep in Tiger territory. After a 13-13 halftime deadlock, Pacific forged ahead by one point in the third period, but could not match the final Cougar tally.

Cougars' Roy Otelson and Bill Jacobs alternately threw 37 passes and completed 19 for 293 yards in the all-WSC contest. Pacific drew first blood, with a touchdown and a conversion in the first quarter. The Cougars came back with 13 points in the second quarter as the Cougars added another touchdown, but missed the extra point.

The teams traded touchdowns in the third, WSC missing the try for extra point.

Wendell suffered after that and the rest of the first half was scoreless.

Fred Flats scored the second Shoshone touchdown as the Shoshone third period on an eight-yard sweep around his own right end.

Flats rushed for his third Shoshone score in the same period on a 50-yard romp on an off-tackle play.

Dale Williams finished the Shoshone scoring when he dove two yards off tackle in the fourth period.

Howard Tennant got the only Wendell score in the fourth period. He tied the tally up with a 30-yard run and on the next play carried on the Shoshone touchdown.

Ray Clayton and Ted Burgess played outstanding defensive ball for the Indians. Ronnie Lancaster and Blaine Mene were tops for Wendell.

Clayton Stars As Shoshone Belts Wendell

SHOSHONE, Sept. 26—The Shoshone Indians kept their 1953 record unbeaten Friday night as they rolled to a 26-20 win over Wendell.

Ray Clayton starred the Indians off in the first period with a one-yard plunge through the middle of the Wendell line into the end zone for the first score.

Wendell suffered after that and the rest of the first half was scoreless.

Fred Flats scored the second Shoshone touchdown as the Shoshone third period on an eight-yard sweep around his own right end.

Flats rushed for his third Shoshone score in the same period on a 50-yard romp on an off-tackle play.

Dale Williams finished the Shoshone scoring when he dove two yards off tackle in the fourth period.

Howard Tennant got the only Wendell score in the fourth period. He tied the tally up with a 30-yard run and on the next play carried on the Shoshone touchdown.

Ray Clayton and Ted Burgess played outstanding defensive ball for the Indians. Ronnie Lancaster and Blaine Mene were tops for Wendell.

Immunization Plans Drafted By Valley Unit

JEROME, Sept. 26 — Executive committee of the south-central Idaho district health department went on record here Friday night favoring continued promotion of yearly immunization programs against diphtheria, typhoid, tetanus and small pox.

The programs will center attention on school children, but also will include the adult population.

The program follows recommendations of the state civil defense department, which supports continued immunization and preventive medical programs in health districts.

Committee members voted unanimously to change the name of the south-central Idaho district health unit to south-central Idaho health department.

Dr. V. V. Telford, department medical director, reported on medical, nursing and sanitation activities of the department.

Emerson Pugmire, Hagerman, board chairman, presided over the meeting. Others attending were J. Peterson, Boise, administrative director, Idaho department of public health; James Burkhardt, Boise, fiscal officer of the state department; P. O. Wentworth, Shoshone; E. P. Matthews, Oakley; L. H. Van Riper, Jerome; Olet Larson, Twin Falls city commissioner; and Mrs. Sidney Knipsh, board secretary and district department nursing director.

Trips Related by Springdale Folks

SPRINGDALE, Sept. 26 — Mr. and Mrs. A. L. Peterson accompanied their daughter, Mary Dudley, to Boise, where she will resume studies at St. Luke's hospital school of nursing.

She recently completed a course in psychiatric training at state hospital south at Blackfoot, and has been visiting her parents before returning to Boise.

Mr. and Mrs. Laurence Cardon and Mrs. Frank Gillette and daughter returned home Friday from Pacific Beach, where they visited relatives.

Mr. and Mrs. Albert Fillmore made a trip last week to Blackfoot.

Methodist Group Begins Meetings

WENDLELL, Sept. 26 — Junior High students, under the direction of Mrs. Hugh Caldwell, began fall meetings Wednesday at the Methodist church.

Mrs. George Wahler and Mrs. Harold Rosen were in charge of the junior department. The study lesson for the winter will be, "All the World Shall Worship Thee."

The lesson for the primary department is "At Work and Worship Around the World," with Mrs. Cae McCrae and Mrs. Earl Nielson conducting the classes.

Both departments "made" work books and held study and recreation periods.

Oakley Students Attend Colleges

OAKLEY, Sept. 26 — Payton, son of Mr. and Mrs. C. B. Payton, left Thursday for Logan, Utah, where he will enroll in Utah State Agricultural college.

Anora Bedke, daughter of Mr. and Mrs. Jess Bedke, left also to attend the Logan university.

Dee Layton, daughter of Mr. and Mrs. Eugene Layton, left for Provo, Utah, where she will enter Brigham Young university. All were graduates from Oakley high school last spring.

Divorce Granted

A decree divorcing Mrs. Gracie Sims from Ray B. Sims was granted by Judge Hugh A. Baker in district court Friday.

Mrs. Sims was awarded custody of their two children and \$400 per month for their support. She also was awarded the household furnishings and beauty salon equipment as her separate property.

Sims did not contest the action. Mrs. Sims was represented by O. P. Duval.

Chamber to Hear Reports at Event

SHOSHONE, Sept. 26 — Reports will highlight the Monday noon meeting of Chamber of Commerce.

Reports will be made on a meeting of the North Side Community association meeting held in Fairfield Tuesday and the tour of east Lincoln county made Monday by residents from Richfield, Dietrich and Shoshone which was promoted in interest of building roads to the new farm area.

At the association meeting it was announced that the committee to study the possibility of building a road to the pump land area will be chosen by organizations in Shoshone, Richfield, Dietrich and Rupert.

Organist Speaks To LDS Meeting

OAKLEY, Sept. 26 — Some 30 officers of Cassia LDS stake and its wards attended the meeting Wednesday night in the Burley tabernacle, at which Alexander Shriver, Salt Lake City tabernacle organist, explained plans to encourage musical activity in the church.

Blaine Martindale, Cassia stake choir director, and May Poulton, stake organist, were among the local delegates to the meeting, at which Burley, Minidoka and Raft River stakes also were represented.

Attend Rites

FILER, Sept. 26 — Mr. and Mrs. B. C. Huffman have returned from Emmett, where they attended funeral services for her brother, Richard Ryserson.

Mrs. Edith Porter and son, Richard, left Thursday for Pasadena, Calif., after visiting Mr. and Mrs. E. D. Vincent.

Oddity on Sun Distance, Heat Given Answer

By J. HUGH FRUETT
Tribune-Examiner Education System

The answer to a recent question from a reader who was of interest to many others.

"We have been having a big argument at our house as to when the earth is nearest to the sun and farthest from it. Is it in the longest and shortest days of the year?"

At first thought it might seem that these days should qualify. But the hottest and coldest weather usually comes weeks after the longest and shortest days.

Dr. Frost, the reasoning regarding distance does not hold for those times either. In fact, the days mentioned below may appear quite unreasonable at first.

Nearness to the sun was nearest the sun (perihelion) about midnight preceding Jan. 2. The distance at that time from the center of the earth to the sun was 91,410,000 miles. The sun was farthest apart (aphelion) around noon of July 6, at a distance of 94,450,000 miles.

Without further explanation, some likely will think these dates should be interchanged. They will say, "When we are closer to the sun, we feel more heat than when farther away. If we are closer to the sun in January, shouldn't we feel the greater warmth?"

Good Reasoning
This might seem like good reasoning and would be correct under certain conditions. We must remember, however, that inhabitants of South Africa and Ohio, south of the equator, are having winter when we are having summer, so it cannot be true for both ends of the earth at the same time. The "southerners" have more reason than we in the heat-distance argument.

The principal difference in heat reception is due to the fact that the northern end of the earth is slanted toward the sun in summer and away from it in winter.

Axis Tilted
We recall from our grade school geography that the axis of the earth is inclined 23½ degrees to the plane of its path around the sun.

If this imaginary pole around which our "terrestrial ball" rotates every 24 hours stuck straight up, then all parts of the earth would have their warmest weather at the same time, and that would be the time of year we now have our winter.

Tilted Axis Constant
As the earth goes around the sun, its axis points to practically the same point in distant space throughout a year. When we are on our winter side of the sun, old Sol appears low in the south even at noon and does not provide us nearly as much heat as when it is high up toward the overhead point in summer.

The same bundle of slanting rays spreads over a wider area than when they are more direct. It is well known that the rising or setting sun does not furnish as much heat as the noon sun.

Headquarters for Police Are Moved
BOISE, Sept. 25 (AP)—North Idaho state police headquarters will be set up at the Coeur d'Alene police entry station by the first of October with Jack P. McGinnis as lieutenant in charge.

State Police Superintendent Alton Henderson said the district headquarters were being switched from Lewiston to Coeur d'Alene because the lake city is more centrally located for North Idaho patrolmen.

McGinnis will succeed C. R. Love as lieutenant. Love resigned from the force rather than accept transfer to Coeur d'Alene, which he said would be uneconomical for him and his family.

SENTENCED TO PRISON
BOISE, Sept. 25 (AP)—District Judge Chase A. Clark Friday sentenced Edward Carl Young to 2½ years in federal prison for theft of an army jeep at Fredericksburg, Mo. Young was taken into custody at Caldwell last month.

Desperado Shot Down in Theater

BOISE, Sept. 25 (AP)—A squad of FBI agents quietly engaged a downtown movie Friday night and shot and killed a 33-year-old west coast desperado trapped in a telephone booth while making a long distance call to Los Angeles.

The man was identified as John Edgmon Johnson, former bank robber and Alcatraz parole violator, also wanted on suspicion of murder in Los Angeles.

The exchange of eight to 10 shots, in which two FBI agents were seriously wounded, apparently went unnoticed by most of the theater audience, blocked off from the mezzanine by thick walls.

The show, a murder mystery, continued, and no crowds gathered as the body was removed.

Club Gets Early Start on Pageant

BOISE, Sept. 25 (AP)—Payette county, which produced this year's Miss Idaho, first in line to try again. The Payette Lions club has received the franchise from the Boise Lions club to conduct the Miss Payette county pageant.

Harry Gordon, state franchise committee chairman, said the state finals will be held next June.

Verna Jane Bostle, New Plymouth, was chosen Miss Payette County in May and Miss Idaho in June. She gave up plans to enroll in an Oregon college and is now a freshman at the University of Idaho.

The franchise is the first to be awarded this year.

Hearing on Death Count Postponed

DUBOIS, Sept. 25 (AP)—Preliminary hearing for Jack Gray, 22, Lima, Mont., charged with involuntary manslaughter, scheduled for Friday in Clark county probate court, has been postponed until next week.

Gray was arrested following an accident in which Herman Lockyer, 24, Lima, was fatally injured early Sunday morning. Gray is free on \$2,500 bond.

The population of the United States is increasing at the rate of 1.7 per cent per year.

AS YOUR MINISTER SEES IT

By E. G. VEYING
(Pastor, South Park Church of the Nazarenes)

Several years ago I sat on a mountain overlooking Soda Springs. A friend and I had climbed to a height of about 1,000 feet hunting deer. My friend had gone on ahead of me and I had climbed up a ravine and through a saddle where I could look out over the valley below.

As I sat down to rest for a few minutes I beheld the beauty of the scene before me. As I gazed on the valley below I missed on the grassy slopes of God—and thought of that verse in Psalm 24: "The earth is the Lord's and the fulness thereof; the world and they that dwell therein."

Before me was a mere pin-point in the fulness of the great world that is the Lord's.

As I looked I prayed, Lord give me wisdom from this lovely view. Just below me, nestled in the valley was the little city of Soda Springs, appearing more like a toy town than a place where people walked and talked, where God's choice creation lived and died. I wondered just how many of those people really knew Christ as their personal Saviour.

I thought of the time when Christ sat on the hill just outside of Jerusalem, and as He wept, cried out, "O Jerusalem, how often I would have gathered you as a hen doth gather her brood, but you would not." Many long ago were still rejecting His great love.

Just beyond the city was a small valley below I missed on the grassy slopes of God—and thought of that verse in Psalm 24: "The earth is the Lord's and the fulness thereof; the world and they that dwell therein."

Before me was a mere pin-point in the fulness of the great world that is the Lord's.

"Oasis in the Desert"

lake, set like a gem in the midst of the fields, meadows, hills and forests. Merging into the next range of mountains were great wheat fields. I could only imagine the acres and the great number of cars of wheat that had been raised in those fields that dotted the great expanse of land that stretched out before me.

Just below me was a square of green surrounded on all sides by black fields. This little patch of green with the farm home and other buildings stood out amidst the surrounding blackness like an oasis in a desert, and I thought of the love and protection of God, like an oasis in the desert of the troubled world in which we live.

Before me was only a very small part of the great earth, and I remembered, "The earth is the Lord's and the fulness thereof." The world and they that dwell therein.

But God is not pleased with all of those who dwell on His earth. Man has become satisfied with God's gift of gold and material things and has forgotten the Lord, God of Israel. His world, that was to give man light and life, has become just another book.

"He came unto His own, and His own received Him not, but as many as received Him, to them he gave the power to become the sons of God, even to them that believe in His name."

LEAVES FOR PARLEY
BOISE, Sept. 25 (AP)—Lieut. Col. John R. Manserov, Idaho civil defense director, will leave today for Washington, D. C., to attend the annual convention of the National Association of Civil Defense Directors, Sept. 30-Oct. 3.

The gibbon is the most agile of all the monkey family.

Each businessman has these things in common with other businessmen:

• He takes in money from his customers who use his products or services he sells.

• He pays out, from the money taken in, the cost of wages, taxes, and other day-to-day expenses.

• What is left is profit.

• Then he compares the earnings to the amount paid out. If the whole thing is worth the effort, he'll keep it. If not, he'll quit.

• Until our last request for higher rates was made, the amount we earned compared to the amount we paid out. If we had invested in Idaho wasn't worth it, we'd have been out of the business—for the people of Idaho, we take to expand and improve Idaho's telephone service.

• The Mountain States Telephone and Telegraph Company.

Just 10.

Life in MAGIC VALLEY

Times have changed a lot in the last 30 years. A few days ago TWIN FALLS dedicated its new high school, a modern building with the "last word" in facilities. Fifty years ago TWIN FALLS was a small town with a few lines on a map. But 40 years ago this fall it was young and healthy. At a meeting of parents on Sept. 28, 1904, the need for a school was recognized and a committee was organized to spearhead the drive for funds for a school building, draft plans for the building and to build the school.

Hamilton, who served as probate judge in Twin Falls county for several years, obtained two lots from the Twin Falls Investment company for the new building. The lots were donated rent free until such time as the school was built. Meanwhile he and his committee collected contributions from residents and in a few days had \$500 towards a new school.

The new school, in addition to being a place of learning, was to be used as a meeting hall and a church.

Not a sagebrush had been removed on the site of Twin Falls in 1904, but by the time the school was built, there were a few months later, there were two general stores in the city, two livery stables, two restaurants, two saloons, a lumber yard, a brick yard, a blacksmith shop, a rooming house and a real estate office as well as a newspaper. According to an item in the first newspaper published in the city, most business were coming in from the early days of the city, furniture was scarce and there never seemed to be enough chairs to go around at any gathering, whether it was dinner in the home or a church social.

Strangely, the first improvement in Twin Falls was not a home or a building of any kind but a telephone line that ran 10 miles from SHO-NEHO to Blue Lake, Shoshone falls, Twin Falls and MILNER. In those days Milner, no longer in existence now as a community, was much larger than Twin Falls. A stagecoach ran from Shoshone to ROCK CRACK, crossing Snake river on a ferry just above Shoshone falls. The first building in Twin Falls was the Twin Falls Investment company, occupied in July 19, 1904. The next building was the Perini and Burton general store.

Let us in 1904 the Kimberly hotel at KIMBERLY was erected, the building being more imposing than any structure in Twin Falls. J. B. McGraw and J. H. Harnish were the contractors. Also late in 1904 a charter was granted to the First National bank in Twin Falls with a capital investment of \$250,000. Harnish and McGraw were the business district in February, 1904. The streets were made of wood and the streets were either ankle deep in dust or muddy knee deep in mud. The dust did impair street dancing, however. When-hand if outdoor dances were held, curfew was spread over the dust to give the merry-makers a more solid footing.

Stubbornness is the middle name of a good many Blaine county people. This is especially true when they are determined to carry out a particular project. Such is true of a couple of Blaine's businessmen, R. E. Adamson and Charles Altkinson. Adamson owns a large implement store in CARNEY and Altkinson is manager of the Kilpatrick store at Pocatello. Both men can see no reason why television cannot be enjoyed by residents of the county. Consequently both have gone to great lengths to prove program can be received. Projects were started early last spring by both men with no results. Adamson said he was going to prove his point if it meant moving the television set to every point on the horizon in Grey.

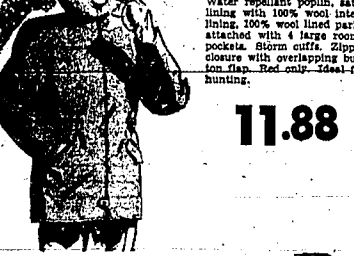

To further the project, his son, Rube Adamson, an electrician and radio man, attended a television show to make sure they would miss no hints. Altkinson also tried every trick he had heard of to get television reception. Everything was to no avail until Altkinson hit on the idea of trying the highest possible point in the county. Baldy mountain above Pocatello. He and a companion loaded their apparatus on the Sun Valley ski lift and hauled it to the mountain-top. They set up the antenna and hooked up the receiving set. Here on top of the cold mountain they were able to pick up the long-sought television program. Knowing that television programs

4.88

Men's Warm-up Jackets
All wool melton cloth in a variety of two-tone combination of school colors. **8.88**

Big Fuel Saving Seen in High Compression Engines for Cars

DETROIT, Sept. 26.—Charles F. Kettering, automotive engineer-scientist, started something when he brought out his 13-hp. experimental high compression engine. He initiated a trend in auto engine design that's gaining momentum each year, promising greater fuel savings, faster getaway and a smoother ride for U. S. motorists. When Kettering's experimental engine was tested several years ago it required a special gasoline—oil even higher octane rating than the aviation gasoline of World War II. The auto industry isn't going to bring out stock cars with 12-16-1 compression ratios in the near future. But it is introducing engines with higher ratios than any so far attempted. Some of these will be in the 14-16 model cars. The trend toward higher compression isn't likely to halt until 16 to 11 ratios are reached.

Highest compression ratio currently built into any conventional auto engine is the 8-10-1 boasted by Buick for its newest V-8 Cadillac next with 8-10-1. Kettering claims that through increased mileage per gallon of fuel, the higher compression ratio engine can save American motorists a billion dollars a year on their aggregate fuel bill, even though the higher quality gasoline required may cost slightly more per gallon.

The major things needed to make higher compression engines produce maximum efficiency are higher quality fuels, improved ignition system and sturdier construction of engine block and head to withstand the terrific pounding these modern engines deliver. The compression ratio is determined by compressing the space, in cubic inches, in which the piston travels to the bottom of the cylinder. The higher the ratio, the more fuel is compressed in the combustion chamber when a spark is applied. The petroleum industry has been working on the new gasoline required. Improved ignition systems have been developed.

College Editors Making Tour of Soviet Facilities
MOSCOW, Sept. 26.—A group of American college newspaper editors inspected the printing plants and editorial offices of Soviet communist party newspaper Pravda today.

The three students, who arrived Tuesday for a two-week tour of the Soviet Union, also planned to confer with the editors of the Kommunist-Avskaya Pravda, newspaper of the communist youth league.

All their activities were planned by the visitors themselves and Soviet authorities gave them no special request so far. The students are: Daniel Berger, 21, Great Neck, N. Y., from Brooklyn College; and Mark Rand, 20, Boulder, Colo., from the University of Colorado.

Trips Reported
DETROIT, Sept. 26.—Mr. and Mrs. Henry Norton have returned home from a trip to the Soviet Union. They attended the wedding of one of his missionary companions.

Mrs. Johnson E. Baker and children, Oakridge, Tenn., are visiting G. B. Richardson.

Your Hands
Will Look Lovelier
... Feel Softer
with Lanolin Plus
Hand Lotion

You can't imagine what beauty you have in the palms of your hands until you use LANOLIN PLUS HAND LOTION. For Lanolin Plus, containing the right amount of lanolin with its valuable esters and cholesterol, penetrates your skin and helps to replenish essential oils that your hands need to make them feel and look smooth as silk.

It's no wonder that Lanolin Plus is so effective. Years ago on the plains of Australia, during sheep-shearing season, the hands of the men were dry and calloused. But almost immediately an amazing phenomenon occurred. Their hands became softer and smoother. The secret? Lanolin, the closest duplication of the natural oils of our human skin is found in the fat and oils of the sheep's wool. As the men sheared the sheep, lanolin was absorbed into their skin. And gradually their hands became softer and smoother. Today chemists have found a way to blend a fabulous amount of lanolin into Lanolin Plus. The formula holds an exclusive United States patent.

Treat your hands to this entirely new feeling of petal-freshness and softness. LANOLIN PLUS HAND LOTION works quickly, then disappears like magic. Only one dollar, plus tax, at all cosmetic counters.

There's New Softness for Dry Skin with Lanolin Plus Cleansing Cream

Time was when there wasn't much that women knew about retarding a dry skin condition that promoted premature wrinkles. But now that Lanolin Plus has come into the beauty picture, you can keep your skin softer and lovelier than you ever imagined! For LANOLIN PLUS CLEANSING CREAM FOR DRY SKIN is compounded to soften your skin as it cleanses it. Lanolin Plus Cleansing Cream contains a superabundance of Lanolin Plus, with its rich base of esters and cholesterol, penetrates your skin and helps to replenish oils that deter the dryness that promotes premature wrinkles.

You'll love the feel of this velvety cream while it works its wonders on your skin. And you'll love the fresh, clean feel your skin has after you've flamed away the dirt of the day.

If your skin is dry, don't wait another day to give it the wonderful help of Lanolin Plus. You'll find softness and beauty you never knew were there. LANOLIN PLUS CLEANSING CREAM FOR DRY SKIN is so economical, too. Only one dollar, plus tax at all cosmetic counters.

Lanolin Plus Does Wonders For Your Skin

Your Skin Wakes Up
to New Beauty and Exquisite
Softness with Lanolin Plus Liquid

One of the most serious beauty problems women face is premature wrinkles, due to excessive dryness or climatic conditions. The longer this dry condition exists, the deeper and more permanent the premature wrinkles become. Now with LANOLIN PLUS LIQUID, you can help replenish oils that are so essential to a smoother, more youthful-looking complexion.

Ordinary harsh cleansing removes the skin's natural lubricants—esters and cholesterol—and in many cases, may further dry out your skin. All you have to do is soften the skin and premature wrinkles become less apparent. Try this wonderfully refreshing facial with LANOLIN PLUS LIQUID at night—before you go to bed. Your face will feel relaxed and refreshed—and you'll feel a glowing kind of youthful vitality in your skin. And when your skin feels this good, you just know it looks radiant and exquisitely smooth!

Hold a hot washcloth to your face and neck for about a minute to open pores. Notice how refreshed and relaxed your face feels.

Warm the bottle of LANOLIN PLUS LIQUID under hot water tap. Briskly massage into face and neck until skin begins to tingle. After a few minutes, wipe your face petal-fresh.

Rinse your face and neck with cold water. Then gently massage a few drops of LANOLIN PLUS LIQUID into your skin before retiring. Its gentle, thorough action will work while you sleep... and you'll awake next morning to find new radiant beauty in your skin. There's no need to let premature wrinkles make you look older. Use LANOLIN PLUS LIQUID faithfully every day. You'll find it at all cosmetic counters for only one dollar, plus tax.

Make Your Skin
Softer, Smoother
"All Over"... with
Lanolin Plus
Body Lotion

From the time of the early Egyptians, women who have longed for loveliness have tried to keep their skin soft and smooth with various fragrant oils. Now for your everyday enjoyment, there is a heavenly body lotion, enriched with lanolin to keep every inch of you "petal-soft." No matter what the weather, this creamy-smooth liquid penetrates, and protects your skin from the drying effects of sun, wind and dry air.

Never before was there such a luxurious lotion—so delicately scented, so gently effective, as LANOLIN PLUS BODY LOTION. You'll love the way it helps replenish oils, dried out from frequent bathing. A superb blend of protecting, softening oils and lanolin, this new body lotion makes you feel refreshingly relaxed, lovely all over!

It takes so little... spreads so easily... and is so economical that you'll want to use it faithfully. Don't let a day go by without using your LANOLIN PLUS BODY LOTION. You'll find the generous twelve-ounce bottle only \$1.50 plus tax, at all cosmetic counters.

You owe it to yourself to discover the wondrous things Lanolin Plus products can do for you. When you use them faithfully, you'll have the key that brings forth skin and hair beauty you may never have realized you had!

Skin Feels Cleaner—Fresh-As-A-Daisy—
with Lanolin Plus Liquid Cleanser

The fresh, clean feel of your skin after its first cleansing with this creamy liquid will make you promise yourself that you'll never again bother with ordinary harsh cleansers. For LANOLIN PLUS LIQUID CLEANSER penetrates your skin and softens as it cleanses, with never a harsh, drying effect. Instead, it offers the wonderful lubricating in-

fluence of lanolin itself that combats drying conditions due to lack of natural oils.

There's good reason why lanolin is so beneficial to your skin. Lanolin is obtained from sheep's wool and is most similar to the natural oils of our human skin. So when Nature's own lubricants are so closely dupli-

cated, it's no wonder that your skin responds quickly and eagerly.

LANOLIN PLUS LIQUID CLEANSER should be a "must" in your daily skin care. It's amazingly effective... delightfully refreshing... and so economical! Only one dollar plus tax at all cosmetic counters.

Reveal Your Hair's Natural
Loveliness with Lanolin Plus
Hard Water Shampoo

Perhaps you are one of the many women who are at a loss to know how to keep their hair and scalp scrupulously clean, yet preserve the natural oils that are essential to soft, gleaming hair.

Now LANOLIN PLUS HARD WATER SHAMPOO answers this

problem for you. For this is the shampoo that contains a superabundance of lanolin, the nearest duplication of nature's own skin oils. It not only helps lubricate scalp and soften hair, but at the same time it lathers beautifully in the hardest water. Its rich, lanolized

suds thoroughly whisk away dirt and grime so that the hair is left soft and silken and gleaming; as it should be. Just as the shampoo cleanses, its oil pampers the hair.

It's economical, too, because it's fast-acting, and ordinary only one application is needed each time you wash your hair.

All cosmetic counters can supply you with LANOLIN PLUS HARD WATER SHAMPOO for only a dollar. You'll never know how really clean, soft and manageable your hair can be until you use this thorough shampoo, containing such a generous supply of lanolin.

Lanolin Plus Agrees with Your Skin
... Makes It Feel Better... Look
Softer, More Youthful

The lovely, smooth skin of a baby is naturally soft and supple because Nature's inner lubricants keep it that way. But as time goes by, these natural oils become less plentiful and, in addition, are removed by sun, wind, dry indoor air, and ordinary harsh cleansing. Years ago it was found that the wool of sheep contains a substance known as lanolin, which, because of its rich base of beneficial esters and cholesterol, is most similar to the natural oils of our human skin.

The chemists who created LANOLIN PLUS planned their formula to include highly refined lanolin and other skin beautifying ingredients. Because of its thorough action, it helps to maintain the proper lubricating balance both for conditions that are too dry or too oily. It also supplies normal skin with the priceless softening influence it needs to stay soft and silken-textured.

With your very first touch of LANOLIN PLUS LIQUID, you'll see for yourself how completely soft and fresh your skin can feel. Words can't describe that feeling, but once you know it, you'll never want to lose it. If you use LANOLIN PLUS faithfully and regularly, you'll find that harsh dryness will disappear... premature wrinkles due to excessive dryness or climatic conditions become less noticeable.

Use LANOLIN PLUS LIQUID to pamper your skin overnight while you sleep... use it as a cleanser to make your face feel cleaner, fresher than ever before. And you'll find it does wonders by helping to

lubricate your skin after sun, wind and harsh cleansing. If your face, neck or hair are calloused or rough, a relaxing foot bath, followed by a LANOLIN PLUS LIQUID massage will soften and soothe the dry, out areas.

The most feminine desire in the world is to stay lovely and youthful looking. Now, with the softest, most delicate of LANOLIN PLUS LIQUID—all women can help to achieve this desire. For this almost-miraculous liquid replenishes the oils that help to deter dry skin with its devastating effects.

Take a few minutes to look at your complexion. Is it everything you want it to be? Or would it welcome a change to absorb some of Nature's own kind of lubricant? Lanolin is the closest duplication of these natural oils. So don't wait another day to discover the wonders of LANOLIN PLUS LIQUID. One dollar is such a tiny price to pay for the pleasure, softening of having skin that now is soft and carefree, and more youthful-looking than you ever imagined. So, take time.

Your Hair Will Be Lovelier,
More Manageable, If It's In
Good Condition

All the new "hair-dos" look glamorous and lovable. To have a large array of various kinds of hair treatment, water, and the drying effects that come from exposure to sun or wind. When this happens—and even before it happens—look to LANOLIN PLUS FOR THE HAIR to replenish your scalp, natural oils and bring out sparkling highlights.

Give your hair the moisture it looks like it needs. Use LANOLIN PLUS FOR THE HAIR soon. At all cosmetic counters, only a dollar plus tax.

ing highlights and lovely softness. Lanolin means for your hair to have a large array of various kinds of hair treatment, water, and the drying effects that come from exposure to sun or wind. When this happens—and even before it happens—look to LANOLIN PLUS FOR THE HAIR to replenish your scalp, natural oils and bring out sparkling highlights.

Give your hair the moisture it looks like it needs. Use LANOLIN PLUS FOR THE HAIR soon. At all cosmetic counters, only a dollar plus tax.

Handy Dispenser Comes with

Indian Bureau's Chief Plans Tour

WASHINGTON, Sept. 25 (U.S. Indian Commissioner) Glenn L. Emmons will leave Wednesday on a trip which will take him into the major Indian areas of 11 western states in five weeks.

The Indian bureau said Friday the trip will complete the assignment given Emmons by President Eisenhower on Sept. 2 to meet with each of the major tribal groups in the country.

On the forthcoming trip he will meet tribal groups in South Dakota, North Dakota, Washington, Oregon, California, Montana, Wyoming, Idaho, Nevada, Arizona and New Mexico.

Emmons' schedule includes Ft. Hall, Ida., Oct. 23.

Court Case Asks For \$75 Payment

A civil action asking \$75 judgment plus interest and costs was filed in Twin Falls justice court Friday by William M. Price against Jack Edwards.

Edwards borrowed \$75 from him on a promissory note Feb. 28, 1948, agreeing to repay the money in 60 days. He has failed to pay any part of it, Price states.

J. H. Barnes represents the plaintiff.

Speed Record for Births Claimed by Cleveland Woman

CLEVELAND, Sept. 25 (U.S. Mrs. Patsy Shaver claims she bore three little Shavers faster, singly, than any other mother in the world.

She had three children in 23 months and 10 days.

First came Tommy (June 23, 1947), then Theresa (July 13, 1948), followed by Lawrence (June 4, 1949).

That gave her the speed record for single births, she claims, but Mrs. Shaver, a 33-year-old former army nurse, went right on and had Peggy (Oct. 4, 1950), Patty (Aug. 29, 1951), and a skipwink, who came along 12 months later, Jimmy (Feb. 28, 1953).

When the young mother read recently of a child-bearing "record" set by a Cape Town, South Africa, woman who had three children within 24 months and 12 days, she told her husband, "Patsy—she's electrician, that woman just has no record."

Mike Garcia of the Cleveland Indians was nicknamed "Bear" by his teammates because his broad shoulders are sloped and rounded and his arms seem extra long.

Reich Alarmed by Information Plan

BONN, Germany, Sept. 26 (U.S. The western allies and many German newsmen expressed alarm Friday over a prospect that the Adenauer government might set up a full-fledged ministry of information with propaganda and restrictive powers. Some opposed to it raised the cry of Nazi-like tactics.

A few hours later Chancellor Konrad Adenauer issued a statement saying he too opposed the project and had since it was first proposed.

Officials responsible for shaping up the new Adenauer government after Adenauer's big election victory—have let it be known they were planning on an information ministry.
